Meet Kerry

Home Manager Sheringham House, Kent

About Kerry

Kerry has worked in health and social care for 28 years. She began her career in a support role and progressed through a variety of positions before moving into management. Throughout her career, Kerry has supported people with a wide range of needs, building extensive experience across physical disabilities, learning disabilities and dementia care.

Kerry joined Achieve together in February 2024 as the Registered Manager of Sheringham House. She is passionate about creating a warm, welcoming home where each person feels valued, listened to and included. Kerry is committed to supporting people to make their own choices, build their independence and shape their home. She also enjoys developing the team, helping them grow in confidence and progress in their careers, while continuing to learn and develop herself.

"The most rewarding part of my role is getting to know each person as an individual, building meaningful relationships and finding ways to make a positive difference in their life."

Kerry's successes

Kerry took steps to help a person she supports feel safe and comfortable at home after he experienced reduced mobility, falls and several hospital stays. Working with the team, District Nurses and Occupational Therapy, she arranged regular reviews and ensured the right equipment and care were in place to meet his needs.

Kerry kept him involved in every decision, taking time to understand what mattered to him and encouraging him to maintain as much independence as possible. Through her careful coordination, he was able to continue living in familiar surroundings with confidence that assistance is available whenever he needs it.
