

Apollo House Outreach

Blackburn with Darwen | Outreach

About this home

The team at Apollo House outreach and domiciliary care services in Blackburn provide tailored, person-centred care and support. We can help with all aspects of daily living, from supporting people to live a healthier lifestyle, to developing cooking skills or finding new friends or even a job.

We learn about each person's interests, needs and aims so that we can help them to achieve their goals. Our team is also experienced in delivering domiciliary care, so we can support with dressing, washing, eating – whatever a person needs.

What we offer

We work with people in their own homes or in the community – whatever is required to enable them to achieve their aims.

Lifestyle

We never see being deaf as a barrier to living a full and enriching life. Our team empowers the people we support to do daily tasks for themselves as independently as possible, supporting them where and when they need it.

Everything we do is tailored to the people we support – including the way we communicate with them – and we can even deliver personal care if a person needs it.
