

## Chetwynd Road

Hampshire | Supported Living

### About this home

Chetwynd Road is a 24-hour supported living service for adults aged 18+ with autism spectrum conditions, learning disabilities, mental health needs, complex needs including behaviours that may challenge, restricted mobility, sight impairment and epilepsy.

Chetwynd Road offers individualised support packages, working with people to develop their independence and achieve significant life outcomes. Our person-centred planning approach supports individuals with life and independence skills development. Individuals will be supported by the identification and maintenance of education placements and/or employment, as well as social and leisure activities.

## What we offer

Chetwynd Road is a spacious property with 14 en-suite flatlets across three floors, including one fully adapted room for wheelchair users. There is a lift available so all floors can be easily accessed by everyone.

There are a number of communal areas for people to socialise in, including a large kitchen, lounge and dining room. There is a large garden which is perfect for leisure activities, especially during the summer months when lots of barbeques and events are held.

Chetwynd Road is located in Portsmouth, within easy walking distance of Fratton station and local bus services. This provides good links to a wide range of local community facilities, nearby coastal towns.

## Lifestyle

At Chetwynd individuals are supported to get involved in a range of social and leisure activities in order to boost their confidence and become more independent. Examples of activities that individuals have taken part in include swimming, horse riding, holidays abroad, weekends away, bowling,

trips to the cinema and theatre, visits to the zoos, trampolining, ice skating and sailing.

We encourage people to take part in volunteering and/or work placements, and one individual who has recently completed a college course had an impressive 97% attendance. Another resident at Chetwynd has a regular volunteering placement three days a week outdoors, which has greatly improved his communication and daily life skills. One person now does his weekly shop on his own, no longer requiring staff support which is a positive step in becoming more independent.
