

## Hersham Gardens

Surrey | Supported Living

### About this home

Hersham Gardens is a 24-hour supported living service for adults with learning disabilities, autism spectrum conditions, complex needs including behaviours that may challenge and epilepsy. To create a home-away-from-home environment, Hersham Gardens actively encourage individuality and independence, by adopting a person-centred approach.

All individuals have a person-centred plan tailored to meet their needs, as well as helping them achieve improved daily living skills. They understand that every moment has the potential to accomplish a goal no matter how little and support individuals to celebrate their accomplishments. Individuals are also supported to make a contribution to the community by sourcing voluntary or paid employment as well as having access to the amenities

such as the cinema, gym, swimming pool, bowling alley and nearby shopping centres.

Hersham Gardens was recently awarded an exemplary 'Outstanding' CQC result which is evidence of the high-quality care they deliver.

Find out what the parents of one of the people we support had to say about their experience with Achieve together and why they would recommend Hersham Gardens below:

## What we offer

Hersham Gardens is a 7 person property situated in the area of Walton on Thames. It comprises of 7 en-suite bedrooms over 3 floors and has communal space for people to socialise in such as large kitchen/diner, lounge and lovely garden.

The service is located within close proximity of the town centre and its local amenities such as a cinema, gym, swimming pool, bowling alley and nearby shopping centre. Hersham Gardens is also close to the local train station, providing good links to local places such as Wimbledon and London.

## Lifestyle

Hersham Gardens has a wide range of activities on offer for residents. Gardening and tending to the property's own vegetable patch is a particular favourite as well as movie nights and themed evenings, trips to local day centres, and activities of residents' choice.

The service strives to make sure people at the service go on at least one holiday break a year, and one person even had an amazing holiday to the USA with staff and their parents.

Staff always encourage people at the service to participate in volunteering or any work placements they wish so they can gradually increase their independence and lead their own lives. The staff are working to help one individual to achieve his dream of working as a cleaner by slowly increasing his working hours until he is in full-time paid employment.
