

How to make a flower
pot from a food tin.

Equipment you need:

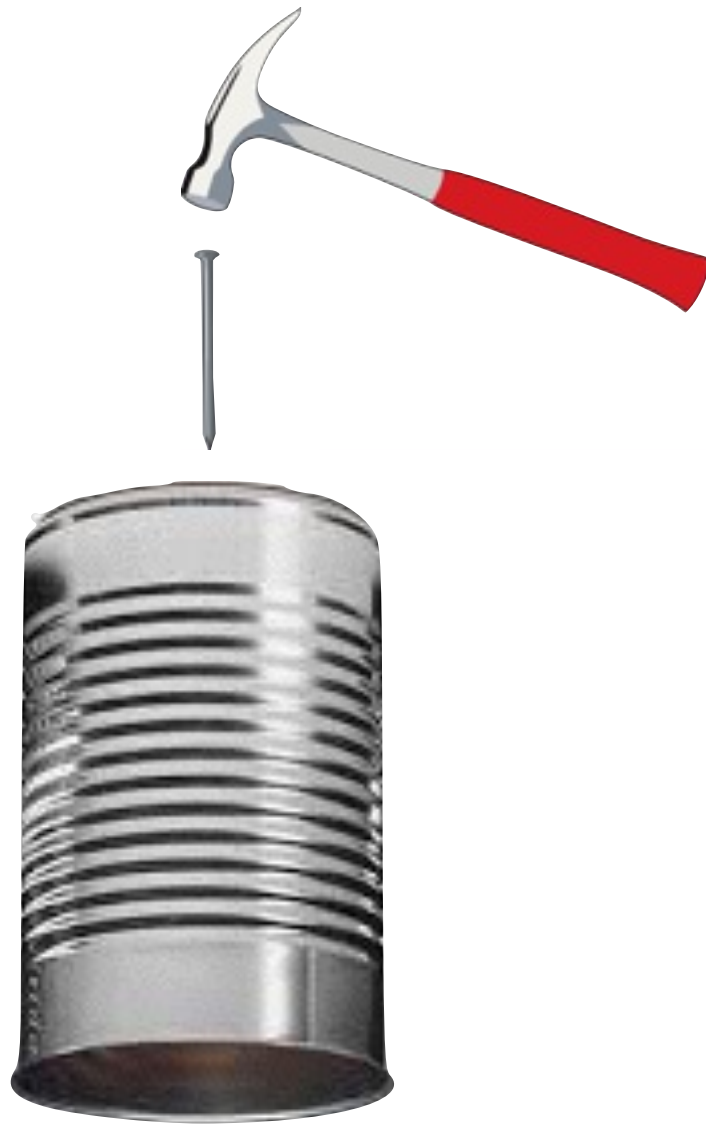

Ring pull can
Acrylic paint
Paint brushes
Compost
Small stones or gravel
Nail and hammer

Remove the label from the tin.

Wash and dry your tin.

Using a nail and hammer
make some holes in the
bottom of the tin.
(Staff will help you with this)

Apply one coat of your
chosen paint.

Leave to dry and then
apply a second coat.

When your paint has dried
you can now paint a design
on the can.
Leave to dry.

Place some small stones
or gravel into the
bottom of the tin.

Now add some compost.

You can now plant or
sew some seeds in your
pot.

Water the soil.

These can be placed
on a window ledge or
anywhere in the
garden.
