

We must keep our  
environment clean.  
We can do this by...

Disinfecting work tops.

Disinfecting floors.

Disinfecting door handles.

We must keep our selves  
clean we can do this by....

Keeping our clothes clean.

Washing our clothes  
regularly.

We must also be mindful  
of personal space.

We do not greet people  
with a handshake.

We can say hello by waving.

It is important we follow  
these steps.
