

You can do it

Being active and feeling better

Adapted Step Up Booklet

You can be active in lots of ways even if you can't go out much

Dancing
Walking
Cycling
Housework
Gardening

Do you like doing any of these things?

YOU CAN DO IT!

Getting active is fun. It helps us to:

- ♥ Feel connected to people
 - ♥ Have a laugh
 - ♥ Feel better
 - ♥ Get healthier
 - ♥ Boost our mood

Getting active

Everyone has to stay home now but you can still be active and it can still be fun!

If we feel down, being active can help us feel better. Once you get going you will feel better.

Try it yourself.

Here are some ideas to help you get active

- ♥ Do short bursts of exercises at home
- ♥ Go online and join others exercising to youtube videos. Try Joe Wicks! Just do what you can. It's fun!
- ♥ Do some housework – clean out a cupboard
- ♥ Do some gardening
- ♥ Dance along to your favourite song
- ♥ Go for a walk
- ♥ Plan a nice dinner
- ♥ Bake a cake
- ♥ Do some arts and crafts
- ♥ Do a puzzle

If you share your house with someone it can be good fun to do things with them. If you live on your own, talk about what you're doing with people on the phone or online.

Choose the things you like doing

Tick the things you like doing.

Walking	<input type="checkbox"/>
Gardening	<input type="checkbox"/>
Housework	<input type="checkbox"/>
DIY	<input type="checkbox"/>
Cycling	<input type="checkbox"/>
Doing a workout at home	<input type="checkbox"/>
Dancing	<input type="checkbox"/>
Playing board games or jigsaws	<input type="checkbox"/>
Listening to music, or the radio	<input type="checkbox"/>
Drawing or painting	<input type="checkbox"/>
Making snacks, cooking or baking	<input type="checkbox"/>
Listening to audiobooks or watching TV	<input type="checkbox"/>

Other things you like doing

Everyone likes different things.

Write or draw the other things that you like doing.
Remember, things like housework also count.

Being active can boost your mood

You can choose what type of exercise to do. Even going for a 10 minute walk can help you feel better.

Try to do some activity at least once a day. Once you feel a bit more confident, do a bit more activity. Being active for 30 minutes, twice a day is a good target to aim for.

Choose what you want to do

You decide what to do.

Being more active can be difficult to start with.
We sometimes need support from other people

Ask someone to help you. If you live alone maybe talk to someone on the phone about what you'd like to do. Try and do something active every day. Take it a step at a time. Build up slowly.

Sue's Story

Sue used to go to a dance class twice a week. She loved it because of the dancing and also because she met her friend there. When it was cancelled because of coronavirus she was sad. But her friend phoned and said that though they couldn't see each other for a while they could still dance. Now Sue and her friend plan to dance every day in their separate houses and then phone each other to talk about their moves. Sue feels better when she does this.

Things to do at home

There are lots of activities you can do at home, either on your own or with others.

If you live alone you can chat on the phone about what activities you're doing with a support worker, a family member or a friend. This can help you to keep active.

If you have the internet or a smart phone you could try some online exercise classes. Or look for other things to do online. Lots of people are doing this!

Or think of ways of helping other people, like giving a friend a call.

Remember you can still go out to go for a walk or to do some daily exercise.

Being active will help you feel better.

Use this page to build a plan that works for you, try to do some activity at least once or twice a day. Choose things that you like to do and plan your own routine that you can try.

Tell yourself to give it a go!

YOU CAN DO IT!

Helpful stuff to remember

Check you are wearing the right shoes and clothes.
Warm up before exercising. Drink juice or water after being active.

Being active is not sport. Walking counts and so does housework, gardening and dancing. Anything that gets us moving is good for us.

30 minutes activity each day helps us stay healthy.
Work towards that target.

Getting active is a challenge. Start off easy. Build up slowly. Take small, steady steps.

There are lots of new things to try.

Tell yourself to give it a go.
