

Gruesome Halloween Mystery Boxes!

This is a great activity that you can prepare for a Halloween party with friends. Watch their faces as they feel the horrid mystery objects in each box. The only rules are no looking and don't pull objects out of boxes.

What you will need:

Plastic food containers (you may have some left over from takeaway meals)

Scissors

Paint

Food for the mystery items (see suggestions below)

Sticky labels

What you need to do:

1. Cut holes into the lids of the plastic containers (big enough for a hand to fit through).
2. Paint the containers so they are opaque – a bright Halloween colour is best, such as orange.
3. Once dried, fill the containers with horrible Halloween horrors for children to feel. Here are some suggestions:

- Brains (cooked spaghetti)
- Witch fingers (carrot sticks)
- Eyeballs (peeled grapes)
- Monster teeth (corn kernels or nuts)
- Monster tongue (long, sliced bananas)
- Monster ears (dried apricots)
- Monster hair (wool).

4. Finally, label the boxes and let your guests take it in turns to feel the horrifying Halloween items in each box!
