

#DrivingUpQuality

Welcome to

Achieve together

One of the UK's leading providers of support for people with epilepsy, learning disabilities, autism, profound and multiple learning disabilities, deafness and hearing loss, and associated complex needs.

Who are Achieve together?

We have over 25 years of experience in delivering specialist support, putting people supported and their families at the heart of everything we do. Above all, we're dedicated to empowering those we support to live happy, healthy, and meaningful lives. Our Wheel of Engagement guides our teams in actively supporting people to make choices, develop their skills, enjoy healthy relationships, and live with confidence. We are proud of those we support and the wonderful teams working with them in our homes.

Today, our expert teams of practitioners are proud to provide 24 hour high-quality support, to over 2,500 people in almost 450 local care homes and Supported Living across England and Wales. We endeavour to lead the debate on best practice in many areas across the country, and develop our teams ensuring each person we support has every opportunity to fulfil their potential. Our goal is to drive up the quality of support provided and lead by example.

We have a strong expertise in supporting people with particularly complex needs, including complex epilepsy conditions and associated complex health needs. We ensure that the support we provide is tailored to the person's needs, and we look forward to working with you to support you over the coming months. Together, we can continue to build the best possible support that exceeds expectations and make a enable people to live happy, healthy and meaningful lives.

Supporting Complex Epilepsy

Our aim is that people who experience epilepsy have the best possible seizure control, living a fulfilling life while managing risk proportionately and well. Importantly we aim for the person to have as much understanding and control over their condition as possible, so there is a significant focus on education and empowerment for the person supported.

Achieve together support a number of people with complex epilepsy syndromes including Lennox-Gastaut, Dravet Syndrome, Rett Syndrome and also people with non-epileptic seizures – our skillset is strong; therefore, we are able to guide and support teams to provide personalised support to assist each person to live a happy, healthy and meaningful life, managing their epilepsy well. Support is facilitated by our nurse-led health & wellbeing team, in collaboration with local health teams, the person supported and their family.

Excellent internal training and competency assessment complement high-quality epilepsy support and risk management planning to ensure a highly-skilled, confident and knowledgeable team are supporting the person, linking well with local epilepsy and neurology services.

Local Homes & Adult Support Services

We make a commitment to every single person we support, and we tailor that support so that they can live as ordinary a life as possible, which is full of opportunities and fun.

We celebrate their individuality, cherish their uniqueness and work hard to create supportive environments that enable every person we support to thrive.

We're also exceptionally proud of our extraordinary teams, who go above and beyond every day to provide the very best support.
