This recently refurbished detached residential home in Clacton-on-Sea is located only a few streets from the seafront and within easy reach of local amenities in the area.

Fully renovated to a high spec and reopened in 2022, it offers eight self-contained supported living apartments, each comprising a bedroom, bathroom, kitchen, and lounge/dining area, with on-site support for adults with autism, learning disabilities, and/or complex needs.

The home has lift access to the first floor to accommodate people with a degree of impaired mobility. The second-floor apartment covers the entire floor, alongside the team member sleep-in room, and is accessed only by a flight of stairs. The self-contained style of each apartment allows us to offer bespoke support for each person living here, including people with complex needs or those who are unable to share accommodation.

Two of the ground floor apartments also have a private patio area, in addition to the shared garden facilities.

This home's profile number is 823.

What we offer

This home has eight self-contained flats, designed to enable people to live on their own but with the opportunity to socialise in its shared spaces. Each flat has its own kitchen, bathroom, lounge, and dining area, in addition to a shared garden set on private grounds, which is the hub of the home's community. Here, you'll be situated in a leafy suburban area that's within an easy distance to the shops and eateries of the coastal resort.

Located just a few minutes walk from the seafront and a short distance from the town centre, this serves as a good location for people looking to increase their independence.

Our teams can support people living here to gain skills such as self-sufficiency in household management, access to education or employment opportunities and enjoy the lifestyle associated with living in a thriving coastal community.

The local railway station provides access into Colchester from where trains run across the main Essex towns and cities and into London on a frequent basis.

Achieve together

Who are we?

Today, our team of expert practitioners is proud to deliver high-quality support to over 2,500 people in almost 400 local care homes and services across England and Wales. We endeavour to be a continuing leader in best practice across the country and ensure that the people we support have every opportunity to fulfil their potential. Our goal is to drive quality across the sector and lead by example.

We have a strong expertise in supporting people with particularly complex needs, including autism spectrum conditions, behaviours which may challenge, mental health conditions, profound and multiple learning disabilities, D/deaf and hearing loss and associated complex health needs. Together, we can continue to exceed expectations and make a real difference to the lives of the people we support.
