This is a highly specialised 24/7 supported living home located in the heart of one of Staffordshire's finest market towns. A short walk from amenities, this home comprises eight self-contained flats set across two blocks of four apartments. The building was refurbished in 2022 and enjoys its own outside space, creating separate gardens and an open communal area.

Each apartment can be fully customised to accommodate an individual's needs on a completely bespoke basis. This could involve installing soundproofed walls or creating calming rooms with safety padding with reduced visual and auditory stimuli present.

Here, we support adults who require a high level of support but are ready to take the next step towards independence in their community. This home supports the transforming care agenda, which encourages communitybased support for those who have been discharged from secure settings, including long-stay hospitals.

This home's profile number is 744.

## What we offer

These apartments have been adapted to provide Supported Living environments that give independence and security. Here, we offer up to 3:1 support during the day and through the waking night for younger to middleaged adults who may have been discharged from a long-stay hospital placement or similar environment.

Each apartment is completely self-contained, making it safe for people who may demonstrate challenging behaviours. Fixtures and fittings are robust to withstand pressure, and each apartment offers a pleasant and homely space as a long-term home.

## Lifestyle

Located in this charming market town, this home is a short walk from the local amenities – including a supermarket, post office, and more. It's a 10- minute bus drive away from Stoke city centre, as well as being close to Newcastle Under Lyme.

This is a rural area classed as a Moorland district, which means there are plenty of country walks, gardens, and outdoor activities right on the doorstep. Some of the most popular local attractions are Biddulph Grange Gardens and the well-known outdoor monkey park.

Every person we support is encouraged and supported to achieve their goals and participate in activities at home and in the community.

## **Achieve together**

### **Who are we?**

Today, our team of expert practitioners is proud to deliver high-quality support to over 2,500 people in almost 400 local care homes and services across England and Wales. We endeavour to be a continuing leader in best practice across the country and ensure that the people we support have every opportunity to fulfil their potential. Our goal is to drive quality across the sector and lead by example.

We have a strong expertise in supporting people with particularly complex needs, including autism spectrum conditions, behaviours which may challenge, mental health conditions, profound and multiple learning disabilities, D/deaf and hearing loss and associated complex health needs. Together, we can continue to exceed expectations and make a real difference to the lives of the people we support.

**Being brave**  
We are creative and confident, empowering people we support and our teams to achieve amazing things.

**Having fun**  
We get the most out of every day and celebrate our achievements and success.

**Making things happen**  
We have the passion, energy and resilience to overcome challenges and give people the tools to achieve together.

**Valuing everyone**  
We value the unique talents of every individual and work together to help everyone achieve their full potential.
