What we offer

This home currently has ten self-contained flats, each with its own kitchen, bathroom, and living room. There's also an outdoor communal garden area, set across two levels, which is open to people we support. The home also boasts two new ground-floor flats. This home has a real sense of community, with people we support often choosing to socialise together in their apartments with support from our teams.

The property directly overlooks the beautiful sandy beaches of Westgate, boasting stunning sea views from some of the rooms inside.

The home is also close to shops, restaurants, a cinema, and the railway station, and there are coastal walks and a good bus service into Margate and Canterbury and around the local area. Westgate also has train services into London.

People living here are d/Deaf or hearing impaired, and people communicate in a variety of preferred ways, including Makaton, lip reading, and sign language. Team members are trained in all of these communication techniques.
