

Meet Gareth

Home Manager Ty Gwyndy, Anglesey

About Gareth

Gareth first came across Achieve together when he worked as a window cleaner at one of our Welsh properties, Beudygwyn Farm. Initially visiting once a month, he built up relationships with the individuals that lived there and was subsequently offered a role as a Support Worker. Since then Gareth has developed his skills and taken on many roles including Practice Lead, Home Manager and Regional Manager. Now at Ty Gwyndy Gareth is looking forward to providing a home that encourages independence and enjoyment for the people we support.

Gareth's key skills

Gareth has a keen interest in Positive Behaviour Support (PBS) prioritising quality of life, safety and human connection. He fully believes in empowering his team to reduce restrictions and build positive relationships with the people we support to drive better outcomes for everyone.

Gareth is qualified in:

- QCF Level 5 in Residential Management
- PASS+PORTTM PBS training
- Internal PASS+PORT PBS Trainer

“Ty Gwyndy is an amazing property in a lovely location, I’m looking forward to opening it and replicating the success achieved at Woburn Hill”.

Gareth's successes

Throughout his career Gareth has always believed in developing good relationships with the people we support. By understanding individuals, their needs and goals, he has been able to help many people succeed. Perhaps the best example of this was at our Woburn Hill home where he supported two individuals with independent living skills that ultimately led to them moving out and into their own homes.

“My proudest moment was supporting two individuals at Woburn hill to develop independence and move into their own homes”.
