

Meet Ellen

Home Manager Supported Living, Thornton Heath

About Ellen

Ellen has worked in the care industry for nearly 10 years, initially starting in an Achieve together home as an agency support worker and then joining our team permanently in 2020. Ellen has worked her way up as Practice Lead, Deputy Manager and is now Manager at our supported living home in Thornton Heath.

Ellen's key skills

Ellen studied for a BSC in Operations and Project Management at university. Since joining Achieve together she has completed our Great Managers Academy and has completed six years of on the job training and internal training modules for Managers.

She is currently working towards an NVQ level 5.

Ellen's successes

Ellen prides herself on ensuring that the people she supports are happy and their needs are met. She's very approachable and the people she supports regularly come to her for a chat.

One of Ellen's proudest achievements was being able to support a person to have a blood test. The person hadn't had blood taken in years and was very anxious. Ellen was able to go with them, talk them through it and ensure they remained calm throughout.

Ellen's looking forward to working on projects that include a redecoration of the home and completing her NVQ.

"I live to see the people we support happy and having their needs met".
