

Meet Bobbi

Home Manager
Maldon House,
Seaford, East Sussex

About Bobbi

Bobbi's passion for supporting others developed at young age, as she spent much of her childhood caring for an ill family member. This gave her a strong foundation of empathy, resilience and understanding.

When Bobbi joined Achieve together in 2021 it was because she wanted to make a meaningful difference in people's lives. From the beginning, she focused on promoting independence, encouraging choice, and bringing new ideas into the home to enhance the quality of life for the people we support. Through dedication and a commitment to person-centred care, she quickly progressed and is now the Registered Manager at Maldon House.

"My journey reflects my passion for care, my drive to continuously improve, and my commitment to creating a positive, supportive environment where individuals can thrive, feel safe, and live as independently as possible."

Bobbi's key skills

It's clear Bobbi is passionate about what she does, and because of her leadership, her team genuinely enjoy coming to work, knowing they are supported and have the resources they need to provide the best possible care.

Bobbi has an NVQ level 3 in social care and is currently working towards her level 5.

She is qualified to deliver training in PASS+PORT, our Positive Behavioural Support model, and Moving and Positioning people with Equipment. Bobbi is part of our team of Mental Health First Aiders and has taken part in the Self-care toolkit training.

Bobbi's successes

Bobbi is especially proud of the staff team, who consistently go above and beyond to provide high-quality, person-centred care and support one another. Their dedication creates a safe, positive environment where people can thrive.

Another key achievement was successfully maintaining the 'Good' rating following their latest CQC inspection, reflecting the hard work, consistency, and high standards upheld by the entire team. She'd love to move from 'good' to 'excellent' in the next CQC inspection, ensuring the environment and support we provide continues to evolve to meet the needs of the people living at Maldon House.
