Home Manager Droveyway Brighton and Hove

About Clara

Clara started her journey with Achieve together as a Support Worker in 1996. Over the years, she has been fortunate to develop her career and progress through a variety of roles, eventually becoming a Registered Manager. She also had the opportunity to step into a Regional Manager role, which was an invaluable experience. However, while raising her two children, she made the decision to return to a Registered Manager position, a role she is deeply passionate about.

Throughout her career, Clara has worked across a range of services and supported different departments. These experiences have allowed her to broaden her knowledge, develop a diverse skill set, and gain a deeper understanding of the many aspects of social care. Looking back, each role has played a part in shaping her into the person and leader she is today.

"The most rewarding part of my role is seeing the people I support grow in confidence and achieve things that matter to them".
