What makes this home unique

We pride ourselves on offering a safe, happy and relaxing place to live. In this home we like to customise the environment to reflect each person's personal style through colours, artwork, photos and sensory lights. We like things to be homely, not clinical, and work with the people we support to make the home their own.

Each day here is fulfilled and different, trying new ideas and activities, encouraging the people we support out of their comfort zones to achieve things they may not have thought possible.

Out of the home we plan lots of trips, either 1 on 1, in small groups or as a whole home to local leisure venues or further afield to zoo's, the New Forest or other tourist attractions. We also support people to take holidays in the UK and abroad.

From the home:

"I am fiercely passionate about providing great care for the people we support. I am a firm believer in being open and transparent, and working collaboratively with families, after all, they are the experts!"

- Home Manager

"Rossi's family and I feel that he is in the best place with great care. Thank you for everything you do to make Brook Lane feel both positive and safe. I am always reassured when I bring Rossi back from a home visit to note that he is just as relaxed with you as he is at home. In my mind, that is the gold standard of care."
