

Welcome to

Achieve together

One of the UK's leading providers of support for people with deafness and hearing loss, autism spectrum conditions, learning disabilities, epilepsy, profound and multiple learning disabilities, and associated complex needs.

Who are Achieve together?

We have over 25 years of experience in delivering specialist support, putting people supported and their families at the heart of everything we do. Above all, we're dedicated to empowering those we support to live happy, healthy, and meaningful lives. Our Wheel of Engagement guides our teams in actively supporting people to make choices, develop their skills, enjoy healthy relationships, and live with confidence. We are proud of those we support and the wonderful teams working with them in our homes.

Today, our expert teams of practitioners are proud to provide 24 hour high-quality support, to over 2,200 people in almost 475 local residential and supported living homes across England and Wales. We endeavour to lead the debate on best practice in many areas across the country, and develop our teams ensuring each person we support has every opportunity to fulfil their potential. Our goal is to drive up the quality of support provided and lead by example.

We have a strong expertise in supporting people with particularly complex needs, including autism spectrum conditions, behaviours which may challenge, mental health conditions, profound and multiple learning disabilities, D/deaf and hearing loss and associated complex health needs.

We ensure that the support we provide is tailored to the person's needs, and we look forward to working with you to support you over the coming months. Together, we can continue to build the best possible support that enables people to live happy, healthy and meaningful lives.

At Achieve together, each support team has access to a specialist Health Promotion and Positive Behaviour Support Team, and specialist training to provide research/evidence based support.

Supporting people who are D/deaf

We offer specialist support to people in the D/deaf community with opportunities to connect with others and positively promoting D/deaf culture.

Every D/deaf person we support has unique needs and goals, so every person receives tailored support, which they shape. We learn about a person's health, physical and emotional needs, how they want to be supported, and their goals and interests. We then pull out all the stops to support them to achieve their aims through our Wheel of Engagement.

Many of the team members who work in our homes for the D/deaf community are Deaf. British Sign Language and lip reading is the first language in these homes: our teams use it as well as other strategies to communicate with people in their preferred way.

Our homes and outreach services support D/deaf people to develop their skills, fulfil their aims and live as independently as possible. We support with BSL language skills, life management skills, and money management skills.

We appreciate that many families cannot sign, so we keep lines of communication open, enabling family connections and avoiding isolation. Our emphasis is on providing a fun, family home feel with a holistic approach to support that involves families and the wider community.

We provide short and long-term support. We are able to support with rehabilitation after surgery or hospital stays, holiday placements and even palliative and end-of-life care.

Local Homes & Adult Support Services

We make a commitment to every single person we support, and we tailor that support so that they can live as ordinary a life as possible, which is full of opportunities and fun.

We celebrate their individuality, cherish their uniqueness and work hard to create supportive environments that enable every person we support to thrive.

We're also exceptionally proud of our extraordinary teams, who go above and beyond every day to provide the very best support.

Our homes

Gallaudet, Residential Home, Bath

Gallaudet is a specialist registered home, without nursing, in Bath that provides 24-hour support to people over the age of 18. People we support are deaf, with additional complex needs, including physical and learning disabilities. The team at Gallaudet focuses on enabling people we support to be as independent as possible.

We learn everything we can about people's needs, preferences and goals and use a variety of communication techniques and positive risk-taking to enable them to live rich and rewarding lives. People we support, their families and their support network are fully involved in their support. And we ensure that everyone has fun, is supported to learn new skills and lives the life they want.

The types of supporting we can cater for

- D/deaf
- Behaviours that may challenge
- Complex needs
- Learning Disabilities
- Physical Disabilities

Our homes

Olive Lane, Residential Home, Dudley

Olive Lane is a specialist residential home without nursing in Halesowen, West Midlands, that supports adults who are deaf, deaf/blind or hard of hearing. People we support also have additional needs such as mental ill-health, dementia, learning disabilities, physical disabilities or multiple complex needs.

Olive Lane is all about enjoying highly professional care in a family environment. Everything we do is tailored to the individual's needs, so we can provide a home for life or support a person to develop their skills so they can live more independently in the future. Like any family home, people we support play an important part in how everything runs, and we empower them with positive risk-taking to enjoy as much independence as possible.

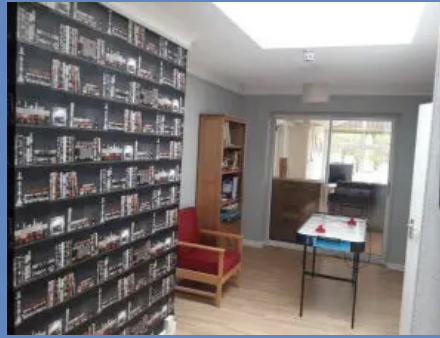

The types of supporting we can cater for

- D/deaf
- Adults
- Behaviours that may challenge
- Complex needs
- Dementia
- Learning Disabilities
- Mental Health
- Physical Disabilities

Our homes

Forest View, Supported Living, Hampshire

Forest View is a supported living home for adults with learning disabilities, hearing impairments, emotional needs and/or autism spectrum conditions. The home provides a safe and accessible environment, and the majority of the team members have hearing loss themselves.

Individuals will receive person-centred active support so they are engaged in meaningful activity and relationships as an active participant. People are supported to have control over their lives, making meaningful choices and increase independence.

Forest View is a large two-floor house with five bedrooms with wet rooms attached so individuals can have their own space. When people want to socialise with others, there is a large living room, dining room, conservatory, and outside garden space for them to access.

The types of supporting we can cater for

- D/deaf
- Autism Spectrum Conditions
- Emotional Needs
- Learning Disabilities

Our homes

Roper House, Residential Home, Kent

Roper House is a specialist residential home without nursing in Canterbury, Kent, that provides 24-hour support to 27 D/deaf and/or deafblind people over the age of 50. People we support have a range of diverse and sometimes complex needs, including learning and physical disabilities, mental health problems and dementia.

The team at Roper House aims to support the people who live at our home to gain the knowledge and skills they need to reach their potential. We empower people to develop their independence, establish and/or improve their communication skills, maintain their personal health and wellbeing and develop social and leisure interests.

Roper House is within easy reach of the centre of Canterbury, the Kent coast and countryside. We're close to shops, restaurants, pubs, cinemas and theatres, as well as the railway station, with connections to the Kent coast, Ashford, Maidstone and London.

The types of supporting we can cater for

- D/deaf
- Older Persons
- Behaviours that may challenge
- Complex needs
- Dementia
- Learning Disabilities
- Mental Health
- Physical Disabilities

Our homes

Dominion Road, Residential Home, Bath

This specialist home in Bath provides short and long-term support to four men and women aged 18 and over. Our friendly and understanding team supports people who are D/deaf and have a range of support needs, including learning disabilities, mental ill-health, low esteem and confidence.

We have substantial experience in supporting people whose previous placement were not quite the right fit. We aim to understand what people are communicating through their behaviour and look for ways to enable them to express themselves constructively. We're focused on empowering people to live their life to the full, to have fun and fulfil their potential.

The types of supporting we can cater for

- D/deaf
- Adults
- Behaviours that may challenge
- Learning Disabilities
- Mental Health

Achieve together

2021/22 Impact Report

Our 2021/22 Impact Report celebrates the key outcomes we have delivered and outlines the learnings we will use moving forwards. Highlights within the report include our purpose, vision, and values and how we co-produce our ways of working and development with the people we support.

We also share our environmental commitment, our new RADAR monitoring and information gathering hub, our Quality Checker tool, and our new App is a digital platform for team members.
